A group of chaps, all aged 40, discussed where they should meet for lunch. Finally it was agreed that they would meet at Wetherspoons in Uxbridge because the waitresses had big breasts and wore mini skirts.

Ten years later, at 50, the friends once again discussed where they should meet for lunch. Finally it was agreed that they meet at Wetherspoons in Uxbridge because the waitresses were attractive. The food and services was good and the beer selection was excellent.

Ten years later, at age 60, the friends again discussed where they should meet for lunch. Finally it was agreed that they would meet at Wetherspoons in Uxbridge because there was plenty of parking, they could dine in peace and quiet with no loud music, and it was good value for money.

Ten years later, at age 70, the friends discussed where they should meet for lunch. Finally it was agreed that they would meet at Wetherspoons in Uxbridge because the restaurant was wheelchair accessible and had a toilet for the disables.

Ten years later, at 80, the friends discussed where they should meet for lunch. Finally it was agreed that they would meet at Wetherspoons in Uxbridge because they had never been there before.

A man is getting into the shower just as his wife is finishing up her shower, when the doorbell rings.

The wife quickly wraps herself in a towel and runs downstairs.

When she opens the door, there stands Bob, the next-door neighbour.

Before she says a word, Bob says, 'I'll give you \$800 to drop that towel.'

After thinking for a moment, the woman drops her towel and stands naked in front of Bob, after a few seconds, Bob hands her \$800 and leaves.

The woman wraps back up in the towel and goes back upstairs.

When she gets to the bathroom, her husband asks, 'Who was that?'

'It was Bob the next door neighbour,' she replies.

'Great,' the husband says, 'did he say anything about the \$800 he owes me?'

Moral of the story:

If you share critical information pertaining to credit and risk with your shareholders in time, you may be in a position to prevent avoidable exposure

The Four-Way Test

The test, which has been translated into more than 100 languages, asks the following questions:

Of the things we think, say or do

- FIRST:** Is it the TRUTH?
SECOND: Is it FAIR to all concerned?
THIRD: Will it build GOODWILL and BETTER FRIENDSHIPS?
FOURTH: Will it be BENEFICIAL to all concerned?

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST.** The development of acquaintance as an opportunity for service;
SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
